MARK POPKES

Web Design, Front-End Development. WordPress Theme

PROFILE

I am currently the Senior Web Designer and Front-End developer at SDA Creative, Inc. For over 10 years, I have been conceptualizing, designing, managing and developing web solutions for clients that are tailored to their needs. I am hard working, enthusiastic and have a strong work ethic. My experience ranges from managing multiple projects, overseeing projects from concept to completion and designing and developing custom made WordPress themes.

EXPERIENCE

SDA Creative, Inc.

Sr. Web Designer / Front-End Developer // 2006 - Present

Responsible for the design and development for each project. Manage each project from start to finish while effectively communicating the overall goals with the client.
